

**CERTIFICATE OF OWNERSHIP AND DEDICATION**

I hereby certify that I am the owner of the property shown and described hereon and that I adopt this Plan of Subdivision with my free consent, establish the minimum building restriction lines, and dedicate all streets, alleys, walks, and other open spaces to public and private use as noted, along with all necessary easements for the construction of cut and fill slopes, cut and fill ramps, inlet and outlet ditches or channel changes beyond the right-of-way limits of the road.

Date 9-21-11 Owner(s) [Signature]

**CERTIFICATE OF ACCURACY**

I hereby certify that the Plan shown and described hereon is a true and correct survey to the accuracy required by the Wilson County, Tennessee Planning Commission and that the monuments have been placed as shown hereon to the specifications of the State Board of Examiners for Land Surveyors.

Date 9-20-11 Surveyor [Signature]

**CERTIFICATE OF APPROVAL OF UTILITY SYSTEMS**

I hereby certify that the following utility systems outlined or indicated hereon have been installed in accordance with current local and/or state government requirements or the appropriate surety has been provided.

Water System 9-20-11 Authorized Signature [Signature]

**PUBLIC SEWER SYSTEM**

The Public Sewer Provider hereby certifies that it has obtained the appropriate state and/or federal wastewater permits for the public wastewater system to serve the building lots shown on this plat and that it will be responsible for the operation and maintenance of the wastewater system installed to service the said lots.

The Public Sewer Provider accepts the dedication of all easements and installations relating to wastewater service which are shown on this plat or appropriate surety has been provided.

This the 20 day of September, 2011 [Signature]

Designated Public Sewer Providing Agency (Please Print) [Signature] Signature of Authorized Agent of the Public Sewer Provider

**CERTIFICATE OF APPROVAL OF STREETS**

I hereby certify that (1) all streets have been installed in an acceptable manner and according to the County specifications, or (2) a security bond in the amount of \$ 15,000 has been posted with the Wilson County Road Commission to assure completion of all required improvement in case of default.

Date 9-20-11 Name and Title [Signature]

**CERTIFICATE OF COUNTY ENGINEER/STORM WATER OFFICIAL**

I hereby certify that general drainage plans have been submitted and approved for this subdivision and that all required temporary and permanent erosion control, stabilization, and other water quality related requirements have been designed for in a manner which meets Wilson County Subdivision requirements and other Wilson County Land Use regulations.

Date 9-21-11 Name and Title [Signature]

**WILSON COUNTY EMERGENCY COMMUNICATION E-911 CERTIFICATE OF APPROVAL OF STREET NAMES AND ADDRESSING**

I hereby certify that street names in this subdivision meet Wilson County Emergency Communications E-911 district standards for non duplication.

Date [Signature] Wilson County Emergency Communications E-911 District Official

**CERTIFICATE OF APPROVAL FOR RECORDING**

I hereby certify that the subdivision plat shown hereon has been found to comply with the subdivision regulations for Wilson County, Tennessee, except for variances, if any, as noted in the minutes of the Planning Commission and that it has been approved for recording in the office of the County Registrar.

Date 9-21-11 Secretary, Planning Commission [Signature]

**CERTIFICATE OF ACKNOWLEDGMENT OF UTILITIES BOND**

I hereby certify that (1) all utilities have been installed in an acceptable manner and according to the specification, or (2) a security bond in the amount of \$ N/A has been posted with the Planning Commission to assure completion of all required utility improvement in case of default.

⑥	41°24'35"	50.00'	18.90'	36.14'

The Purpose of this plat is to correct a street name from Abernathy Point to Abernathy Way.

To insure appropriately designed and installed drainage systems within this subdivision development, structures to be erected on the lots proposed within this subdivision shall be constructed with positive drainage, draining away from the exterior of the structure, at the following minimum threshold: 5% for a minimum distance of 10 feet from the perimeter of the structure.

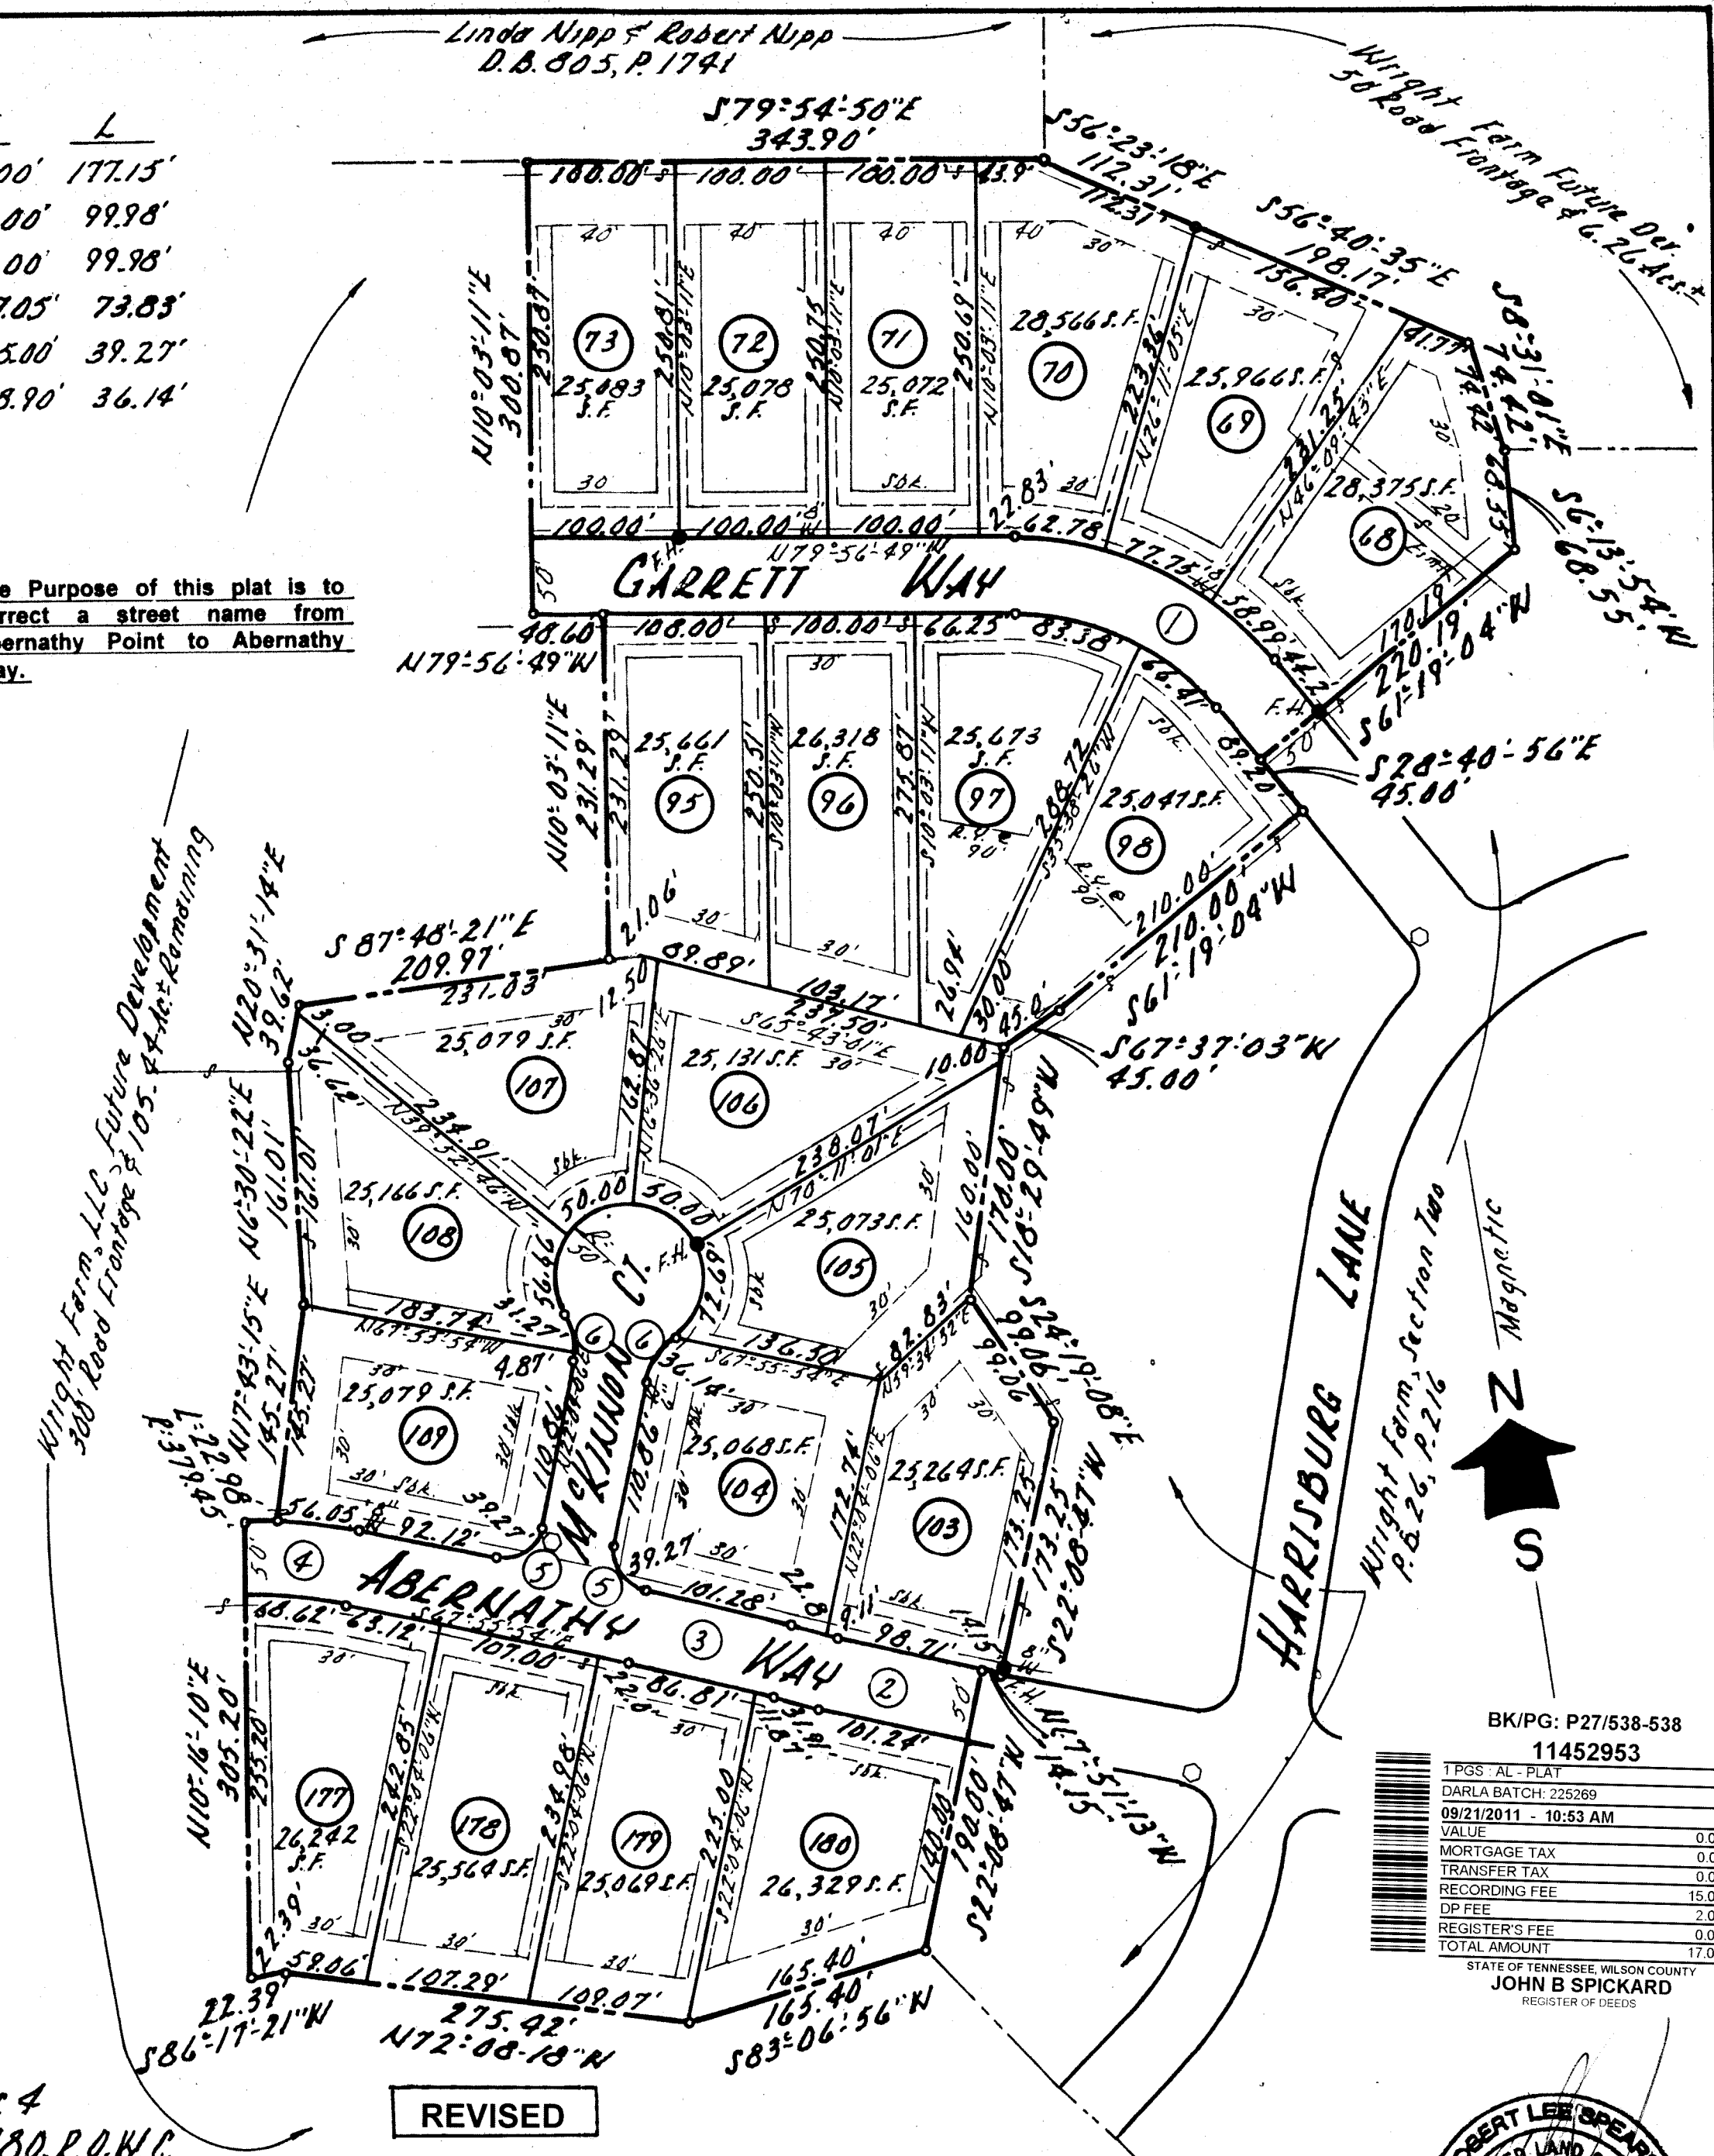

The lots may have been disturbed by grading operations performed during or before development of the subdivision; the builder and/or owner should investigate the current soil conditions and consult with others to assure that a conventional footing will be adequate.

It is the responsibility of each lot owner or builder to grade each lot so that the lots will drain the surface water, without ponding on the lot or underneath the buildings, to the drainage system designed by the subdivision engineer.

15' Side Yard, Unless Shown Otherwise.
